

Why she inspired me

I personally felt inspired while reading about Joan Clarke's life story because as a woman we still face the problem of equality in the workplace whether it be with pay or promotions etc but Joan persevered through all of that and worked her way up through the ranks. She always worked hard and never gave up even through all of the inequalities that she faced and I think that should be a lesson to everyone.

Here is a famous quote that she has said.

My Contribution!

Being invited to do this International Women's Day project was thrilling. I have been inspired all of my life by different women, so and to be asked to do this was just... ironic! So, in honour of this special day, and also in honour of this very special lady I have picked as my inspiration of this PowerPoint, I will be doing a fundraiser, and all of the money I raise will go to the Marie Curie charity.

Every . Single . Penny

And also know that every single charity you donate to, whether that be £1 or £100, will be very grateful for your donation, because all charities are set up for a reason, and the charity I am donating to is set up for a very good one.

Marie Curie
1867-1934 ❤️

- MY MOM ALWAYS SPORTED US WITH OUR DREAMS EVEN IF THEY WERE IMPOSSIBLE. MY MOM IS THE KIND OF PERSON THAT WILL GIVE EVERYTHING FOR THE PERSON WHO STOOD BESIDE HER IN HER HARD TIMES JUST TO MAKE THEM HAPPY.

Gilbreth was the first to receive the Gilbreth Medal - named in honour of her late husband - in 1931. Then Gilbreth and her husband got the Henry Lawrence Gantt Medal in 1944. Along with many other achievements, she received the Wallace Clarke Award in 1951.

WW1 broke out! Marie Curie figured a way to use her expertise to help soldiers. Curie realized that electromagnetic radiation of X-rays can help Doctors see bullets and broken bones. Then they can do surgery to help the soldiers recover.

Princess Diana

AFTER MARRYING INTO THE ROYAL FAMILY, PRINCESS DIANA COULD SIMPLY HAVE SAT BACK AND ENJOYED A LIFE OF RELAXATION AND LUXURY WITHOUT A CARE IN THE WORLD. HOWEVER, SHE TOOK IT UPON HERSELF TO USE HER CELEBRITY STATUS TO HELP AS MANY PEOPLE AS POSSIBLE, BECOMING THE FIGUREHEAD FOR CHARITY CAMPAIGNS AROUND THE WORLD. SOMEONE WHO HAD EVERYTHING AND WAS EAGER TO SHARE IT WITH AS MANY PEOPLE AS POSSIBLE, DIANA WAS AN INSPIRATION TO PEOPLE IN ALL WALKS OF LIFE, AND HER DEATH WAS MET WITH WORLDWIDE MOURNING. DIANA'S SELFLESS ATTITUDE IS SUMMED UP BY ONE OF HER MOST FAMOUS QUOTES; "ANYWHERE I SEE SUFFERING, THAT IS WHERE I WANT TO BE, DOING WHAT I CAN."

JUST A FEW MONTHS BEFORE SHE DIED IN A CAR CRASH, PRINCESS DIANA TRAVELLED TO ANGOLA, AND AN ENDURING PICTURE OF HER STEPPING OUT ON TO AN ACTIVE MINEFIELD REMAINS IN OUR MINDS AND HEARTS. SHE ADVOCATED ARDENTLY FOR THE BAN OF LANDMINES AND ONE MORE ICONIC IMAGE OF HER SITTING ALONGSIDE A YOUNG GIRL WITH AN AMPUTATED LEG ALSO CAME OUT OF THE VISIT. THIS VISIT AND THE BOLD IMAGES BECAME A TURNING POINT FOR THE WORLD TO PUT THE SPOTLIGHT ON ANGOLA AND ITS LANDMINES. WHAT'S HEARTENING IS THAT HER YOUNGER SON, PRINCE HARRY, HAS TAKEN ON THE MANTLE BY CONTINUING HIS MOTHER'S WORK.

SHE WAS NOT AFRAID TO SPEAK HER MIND OR BREAK PROTOCOL AND SHE HELPED THE YOUNG AND HOMELESS OF THE STREETS, AND SHE CONSTANTLY VISITED SHELTERS TAKING HER YOUNG SONS. SHE INSPIRES SO MANY PEOPLE TO BE GOOD AND DO BETTER JUST BY BEING WHO SHE IS WITHOUT FAKING ANYTHING. SHE HAS A POSITIVE INFLUENCE ON PEOPLE AROUND HER.

PRINCESS MAY HAVE BEEN THE FIRST AMONG THE ROYALS TO SPEAK HER MIND FORCEFULLY, EVEN BREAKING PROTOCOL MANY TIMES TO MAKE A POINT. MOST OF THE TIME, SHE PREFERRED NOT TO WEAR HATS OR GLOVES ESPECIALLY SO SHE COULD FEEL ONE WITH THE PEOPLE SHE WAS SHAKING HANDS WITH. SHE DID NOT SHY AWAY FROM SHOWING HER AFFECTION TO HER CHILDREN IN PUBLIC AND TOOK THEM ALONG ON MOST ROYAL TOURS, EVEN WHEN THEY WERE LITTLE BABIES. I BELIEVE PRINCESS DIANA IS A GOOD LEADER BECAUSE SHE POSSESSES THESE FIVE IMPORTANT QUALITIES: PATIENCE, OPEN-MINDEDNESS, TRUSTWORTHINESS, CONFIDENT SPEAKER, AND INTELLIGENCE.

Helen Keller

- I admire Helen Keller because she had became one of the famous women of her generation and century although she was deaf mute and blind.
- She inspire me to never give up on my dreams, because no matter what the difficulties if she has been able to speak, read and write books while being deaf, mute and blind, I can overcome them.
- Keller refused to live life as a typical 'invalid'. In her own words: 'Life is either a great adventure or nothing.'
